EXPLORE Jahoo

Witness the jungle at night whilst in comfort at the iconic Bamboo Camp

Experience the Wildlife Sanctuary at night at the iconic Bamboo Camp, search for wild gibbons as they sing their dawn chorus and witness indigenous forest knowledge.

Day 1: Sen Monorom to Jahoo in Keo Seima Wildlife Sanctuary
Day 2: Jahoo in Keo Seima Wildlife Sanctuary to Sen Monorom

Highlights

- Experience the jungle by night and observe the shy and mysterious nocturnal creatures whilst sleeping in comfort at the unique Bamboo Camp
- Wake up to the eerie call of the endangered yellow-cheeked crested gibbon before joining them in the forest at sunrise
- Trek through lush rainforest spotting rare black-shanked douc-langurs and encountering other unique forest wildlife

DAY 1: SEN MONOROM TO JAHOO IN KEO SEIMA WILDLIFE SANCTUARY

ITINERARY

For full Keo Seima Wildlife Sanctuary bird list: [CLICK HERE](#)

07:30 Collection: The driver will pick you up from your guesthouse and you'll drive through rolling hills towards Keo Seima Wildlife Sanctuary (KSWS). After 30 minutes, you'll arrive in Andong Kraleung village, an ethnic Indigenous Bunong community. As you drive through the village look out for the bamboo water tower which provides homes with safe drinking water and spot the primary school children enjoying a hearty breakfast before school begins, two examples of programmes that Jahoo supports through ecotourism fees.

08:30 - 11:00 Wildlife Hike: Following your local guide, head out into the mixed-evergreen rainforest on the search for wildlife, such as rare primates, as you hike towards a remote waterfall.

11:00 Jungle Waterfall: Forage for your lunch and help your guide prepare a delicious Bunong meal over a campfire before refreshing yourselves in the natural pool at the waterfall.

12:30 - 16:00 Wildlife Hike: Continue with your local guide on the search for rare wildlife, such as black-shanked douc langur, as you return to the camp. Through the eyes of your indigenous guide, find traces of elusive wildlife such as the footprints of Asian elephants and the claw marks of sun bears.

17:00 Sunset Dinner: Refresh and relax at the unique Bamboo Camp, constructed of sustainably sourced bamboo, the camp is immersed in its forest surroundings and was designed to have minimal impact on the environment. Dine on Bunong-Khmer fusion cuisine cooked using locally sourced and seasonal produce whilst enjoying panoramic forest views.

18:00 Jungle by Night (optional): After dinner, take a short walk with the aide of headlamps into the forest to take a glimpse at nocturnal forest animals, before visiting the atmospheric indigenous hut for a traditional nightcap and to discuss history, folklore and indigenous culture with Bunong elders.

Drive Time:

30 to 40 minutes

Walking Distance:

3-6 km

Key Species:

Birds: Germain's Peacock-pheasant, Siamese Fireback, Scaly-breasted Partridge, Orange-necked Partridge, Green Peafowl, Great Hornbill, Bar-bellied Pitta, Blue-rumped Pitta, Grey-faced Tit babbler, Grey-eyed Bulbul, Red-vented Barbet, Green-eared Barbet, Black and Buff Woodpecker, Pale-headed Woodpecker, Great Slaty Woodpecker, Great Hornbill, Banded Kingfisher, Indochinese Barbet

Mammals: Pig-tailed Macaque, Southern Yellow-cheeked Crested Gibbon, Black Giant Squirrel, Cambodian Striped Squirrel, Variable Squirrel, Asian Elephant, Black-shanked Douc, (Banteng, Sunbear tracks can be seen)

Habitat:

Semi-evergreen rainforest with patches of bamboo undergrowth intersected by seasonal streams and dotted with waterfalls

DAY 2: JAHOO IN KEO SEIMA WILDLIFE SANCTUARY TO SEN MONOROM

ITINERARY

For full Keo Seima Wildlife Sanctuary bird list: [CLICK HERE](#)

05:00 Gibbon Watching: Awake before dawn to the sounds of the forest and join wildlife researchers as they head into the forest to position themselves at the listening post. Upon hearing the piercing call of the yellow-cheeked crested gibbon, follow your guides as they track the gibbon family, moving swiftly and silently through the forest undergrowth. As you observe these unique endangered apes, learn about their behaviour as well as the ongoing conservation efforts to protect this species at Jahoo.

08:00 Cultural Journey: Return for breakfast at the camp before preparing to explore Bunong culture as you visit a traditional burial and spirit forest to learn about Bunong spiritual beliefs. Traverse through examples of modern and ancient farming practices and witness the transition from traditional swidden agriculture to current practices. Experience the ancient practice of resin tapping and observe other forms of sustainable harvesting of forest resources, traditions that have motivated forest protection for generations.

12:00 Jungle Waterfall: Discover another stunning jungle waterfall, take a swim in the natural pool and enjoy lunch at the edge of the forest stream. Take time to relax and enjoy the tranquillity of this exclusive waterfall enjoying incredible views of towering trees and the abundance of beautiful butterflies

15:00 Wildlife Hike: Return to camp after a gentle stroll through the forest keeping an eye out for wildlife along the way, especially the prehistoric-like greater hornbill and other colourful forest birds.

17:00 Sunset Dinner: Refresh and relax at the unique Bamboo Camp. Dine on Bunong-Khmer fusion cuisine cooked using locally sourced and seasonal produce whilst enjoying panoramic forest views.

18:00 Jungle by Night (optional): After dinner, take a short walk with the aide of headlamps into the forest to take a glimpse at nocturnal forest animals, before visiting the atmospheric indigenous hut for a traditional nightcap and to discuss history, folklore and indigenous culture with Bunong elders.
